Limited to 500 words.

With a record of 9,850 flies killed, William Steiner of 1829 N street northwest is the leading contestant to date in The Star's anti-fly campaign for the month of May. Young Steiner yesterday delivered to Dr. Murray at the campaign headquarters in the Municipal building 6,900 flies, the biggest individual showing for the day.

During the last few days all of the competitors have boosted their scores. This is attributed by Dr. Murray to the fact that warm weather has aided extensively in the development of flies, and it is his opinion that from now on an increasing number of the slaughtered insects will be delivered daily.

The campaign is progressing as satisfactorily as could be expected," said Dr. Murray today. "All of the competitors are showing interest in the work. Results so far obtained have more than justified the efforts made to check the development of the insects at the beginning of the season."

Anti-Fly Essay Contest.

Inquiries concerning The Star's anti-fly essay contest, which is to close Wednesday, May 15, were received by Dr. Murray from children residing in every section of the city yesterday. Several of them requested copies of health department bulletins dealing with the fly. Others desired "pointers" as to methods of constructing fly traps and destroying the insects after they have been caught. It is evident that the essay contest, in which prizes aggregating \$20 are to be awarded the winners, is attracting no little attention among the youth of the city.

Not an Expert Killer.

One nine-year-old boy, who called on Dr. Murray yesterday, requested information about the fly so that he might enter the essay contest. The health official suggested that he take one of the "swatters" which are being distributed free and enter the "swat the fly" contest.

"I am not an expert at killing flies," remarked this youth. "My line is writing."

Tomorrow children who contemplate participating in the anti-fly campaign may secure boxes in which to deliver the flies by visiting any of the Associated Charities stations between the hours of 10 and 11 a.m. Until the close of the public school boxes will be distributed from the stations only Saturday mornings.

Boxes at Municipal Building.

During the week boxes may be secured at any time from Dr. Murray in the campaign headquarters, room 8 of the Municipal building. A large number of boxes have been given out since Monday, and it is expected that many of these, containing flies that have been killed, will be returned tomorrow.

### BRYAN MAKES PUBLIC HARMON 'BRIBE' LETTER

Published as Proof That Effort Was Made to Purchase Delegates in 1908.

COLUMBUS, Ohio, May 10.—At Gov. Harmon's request William J. Bryan made public yesterday the letter in which Mr. Bryan charged that a friend of the governor's had attempted to buy for Harmon members of the Ohio delegation instructed to vote for Mr. Bryan in the 1908 democratic national convention. Mr. Bryan offered to make the letter public if Gov. Harmon would say he did not believe any of his friends had written such a letter. Gov. Harmon refused to say so. Then Harvey Garber announced, with Mr. Bryan's authority, that Michael Devanney, Gov. Harmon's 1908 manager, was the author.

Thereupon Gov. Harmon telegraphed Mr. Bryan, demanding that the letter be made public in these terms: "I repeat that nobody authorized by me, or with my knowledge or consent, ever tried to purchase delegates. I never heard of such a thing except from your statement yesterday. At the date you mention I had accepted the nomination for governor, and was making no effort for the presidential nomination. If you have a letter showing what you say, why don't you publish it? The people are entitled to the facts, and I wish them to be made known."

Garber Gives Out Letter. Mr. Garber, acting for Mr. Bryan, gave out the letter. At Mr. Bryan's request Mr. Garber kept secret the name of the person to whom the letter was addressed and the names of the delegates mentioned. The letter reads:

"Dear Sir: In a conference with our mutual friend, Mr. — of —, he advised me that you were in touch with the two delegates from the — district who today meet Mr. — of —, and have him see the delegates of that place (whose name he did not remember), and have him, together with Mr. — of —, meet Mr. — at Columbus on the evening of July 2, so that arrangements may be made for the trip to Denver."

"Mr. — of Cincinnati will meet them and take care of their transportation to Denver."

"By this letter, my dear Mr. —, you will see there is something doing, and whilst indignations have been given in your district, I hope that your two delegates can see their way clear to vote for Judge Harmon on the first ballot at Denver."

"This, my dear Mr. —, is asking you

"MICHAEL DEVANNEY."

Challenged Mr. Bryan.

Mr. Devanney at Cincinnati afterward challenged Mr. Bryan to publish the letter in full. He makes an emphatic denial of the charges brought against him in the letter produced by Mr. Bryan, but does not deny writing it. He says he will have nothing to say until he sees the letter.

"When Mr. Bryan says that I attempted to purchase delegates in Ohio for Gov. Harmon," says Mr. Devanney, "he is telling a plain, unvarnished lie, for never, either directly or indirectly, was there any attempt made by me to purchase any delegates for anybody."

Takes Shot at Bryan.

The Harmon national headquarters today gave out the following:

With all deference to William J. Bryan's acknowledged ability and popularity, his attitude in this pre-convention campaign can be accounted for only on the hypothesis that he hopes to be again nominated at the Baltimore convention. Following this hypothesis to the final analysis, it is apparent that he would wreck the party rather than have the nomination go to a candidate who is reasonably sure of carrying states that are candidates in either party must have at the November elections in order to win. Democrats of the country are now

feasting their eyes upon the picture of Mr. Bryan flitting with both the Wilson and Clark hoods, it being his evident desire to play one against the other in the hope of precipitating a deadlock at Baltimore, expecting thereby that he may stampede the convention for his own nomination.

Although he has been elected a delegate to the Baltimore convention and instructed to vote for the nomination of Speaker Clark, Mr. Bryan has since his election been on the stump advocating the election of Wilson delegates. He went to Florida in the interest of Gov. Wilson, and within the past week has again stumped Ohio trying to disrupt a united democracy, which two years ago gave Judson Harmon for governor a plurality of more than 100,000. Elsewhere he has encouraged the choice of Clark delegates.

The Human System Needs It.

Mr. M. Morgan, 411 4th ave., E., Brainerd, Minn., writes: "I take from one to two bottles of Hood's Sarsaparilla in the spring to purify the blood just as regularly as I do my house-cleaning, and go around light-footed and light-hearted. I believe it is the best blood purifier known."

Hood's Sarsaparilla so combines the curative principles of roots, herbs and salts as to raise them to their highest efficiency; hence its great record. Get it today in usual liquid form or tablets called SARSAPILLA.

The council held its first meeting in headquarters yesterday, all the members being present except Vice President Hays and Duncan, who were expected to arrive this afternoon. President Gompers presented a report on affairs of organized labor in general, and also detailed the pending legislation in Congress affecting labor unions, referring particu-

larly to such bills as are intended to regulate and limit the issuance of injunctions in labor disputes. The present status of the Sherman anti-trust law, the eight-hour bill, the convict labor bill, workman's compensation bill and the bill for the restriction of immigration, etc., were included in President Gompers' report. The executive council held a meeting last night at the Arlington Hotel with the federation committee on industrial education.
